

BANGALORE DIABETES HOSPITAL

The Bangalore Diabetes Hospital, a unit of Diabetes Club, is located on a plot of land given to the Club by the Karnataka Government. The Bangalore campus of Bilcare Research Academy is located on the premises of the hospital, where a large number of clinical trials are on. Bilcare trains students to become successful clinical research professionals. It offers one-year full-time postgraduate diploma in clinical research. Students have the advantage of working closely with clinical trials at the hospital while pursuing their studies.
