Bilcare GCS Completes U.S. Facility Expansion

SAN FRANCISCO, CA, September 17, 2008: Supplies, a leading single-source provider of clinical trial supplies and services, has completed the expansion of its warehouse and distribution facility in Phoenixville, Pa. Bilcare GCS, Americas' facility now provides 300 percent more ambient storage capacity, as well as a 50 percent larger distribution pack-out area and a second distribution dock allowing for increased output. "The increase in storage capacity is the latest in a series of global upgrades designed to demonstrate to customers that Bilcare is a company focused on providing high quality service and cutting edge technology for its customers to ensure on time project completion," said Bilcare GCS Americas president Vincent Santa Maria.

In addition to this latest facility expansion, Bilcare GCS has also enhanced its global operations by adding state-of-the-art packaging rooms, upgrading equipment, and increasing capacity and expanding capabilities in its formulation and analytical development services. The company also expanded its facility in Rajgurunagar, near Pune, India and plans US\$21 million expansion toward a new clinical supplies facility in South Wales. Commenting on the ongoing capital campaign, Bilcare GCS CEO Vito Mangiardi stated, "These capital improvements combined with our experienced project managers and global footprint in the Americas, Europe and Asia signifies that Bilcare GCS is a growing company committed to providing world class service."

About Bilcare Global Clinical Supplies

Bilcare Global Clinical Supplies serves the Americas, Europe, and Asia with clinical trial materials support, services, and complete project management. Its services for solid, semi-solid, liquid, DEA (C-I-V) and biotech clinical trial materials (CTM) satisfy a broad range of requirements; from pre-formulation research and development, manufacturing, analytical services and clinical supplies packaging and labeling, to IVRS, QP services, controlled temperature (cold chain) CTM storage, distribution worldwide, and returns and destructions accountability.
