

Press Release

Bionan healthcare Inc. partners with bilcare GCS on critical clinical venture

PHOENIXVILLE, PA. — July 27, 2010 — Bilcare Global Clinical Supplies (Bilcare GCS), a leading single-source provider of clinical trial supplies and services is pleased to announce the establishment of a strategic relationship with Bionan Healthcare, Inc., headquartered in Port St. Lucie, Florida. This partnership offers the complete success of the fulfillment of clinical trial project objectives from drug development to approval under a single, reliable source through Bilcare's comprehensive and vast array of clinical trial services and innovation.

"Our decision to work closely with Bilcare was based on our need for complete solutions from a single vendor with a customer-centric approach and an excellent track record of global clinical trial/project success. Reputation and performance made Bilcare the logical choice." said William Brown, Senior Vice President, Corporate Communications at Bionan Healthcare, Inc. "As part of Bilcare's strategic goal to provide a complete solution to our clients' global clinical trial needs by continually offering quality and service beyond compliance, we look forward to being a part of Bionan's success and utilizing our key resources to meet and exceed the goals of the relationship in every way possible." said Vince Santa Maria, Global President of Bilcare GCS.

About Bilcare Global Clinical Supplies

Bilcare Global Clinical Supplies serves the Americas, Europe and Asia with clinical trial materials support, services and complete project management. Its services for solid, semi-solid, liquid, DEA (CIV) and biotech clinical trial materials (CTM) satisfy a broad range of requirements; from pre-formulation research and development, manufacturing, analytical services and clinical supplies packaging and labeling, to IVRS/IWRS, QP services, controlled temperature (cold chain) CTM storage, distribution, global supply chain management worldwide, returns and destructions accountability, and IN-Sourcing: offsite clinical supplies operations and staffing.
