

CISA certification

Bilcare's Head of Information Security & Management, Mr. Arjun Guha, has acquired the Certified Information Systems Auditor (CISA) designation for auditing the information systems of our customers.

On the 4th of December 2009, Mr. Arjun Guha became the first certified CISA from the pharma domain in India. With the CISA certification, he should be able to provide information system (IS) audit services in accordance with IS audit standards, guidelines, and best practices. He will assist the organization in ensuring that its information technology and business systems are protected and controlled.

The Certified Information Systems Auditor (CISA) designation is administered by the ISACA (www.isaca.org), a recognized worldwide leader in IT governance, control, security and assurance. This globally respected designation has been earned by more than 50,000 professionals since 1978. It is accredited by the American National Standards Institute (ANSI).
